

**GOVERNANCE****SCHOOL BOARD EFFECTIVENESS****DIRECT LINKS BETWEEN THE BOARD AND FACULTY SENATES**

To enable the Board to receive information, comments, and suggestions directly from faculty senates regarding broad guidelines for oversight procedures, standards of accountability, and planning for future needs, the following direct links are established between the Board and its faculty senates:

- A. Each Faculty Senate is encouraged to appoint a representative to each of the Master Plan standing committees for direct input to system wide planning efforts.
- B. Each Faculty Senate will be provided an opportunity to examine, comment upon, and make suggestions concerning any proposed policy under consideration by the Board, according to the policy on Policy Adoption (2001).
- C. As fully participating members of the local School Improvement Councils, faculty who are appointed to those councils will provide linkage between the Faculty Senate, council and the Board, and convey information and action from the Board and local council to the Faculty Senate, and likewise, serve to inform the local council and Board through membership on the Master Plan standing committees.
- D. Additional activities that may be undertaken by the Board, as appropriate, include surveys of Faculty Senates, meetings with Faculty Senate Chairs, participation of Faculty Senate representatives at town meetings, and whatever community wide linkages the Board develops in the interest of local school improvement.
